EQUIPMENT LOSSES ON INCREASE

Despite stepped-up security measures implemented by Bill Farran and his staff, equipment losses have continued to spiral on Kendall Green. Gallaudet Security has increased the number of security rounds as well as reduce the size of patrol areas in the highly vulnerable Kendall School and MSSD vicinity. Arrangements are also being made with the Metropolitan Police Department for a presentation on office security for campus employees.

All of us can help prevent loss. You should:

- *insist upon conformity with inventory controls and policy
- *never prop doors open while working on weekends, holidays or after hours
- *notify Security regarding activities taking place after working hours
- *secure office windows and doors at the end of the day
- *report all strangers and suspicious behavior to Security
- *practice good security habits in daily office routines
- *report all lost or missing property promptly.
